

Technical Information

THE DOMINO EFFECT

v1 (Nov 2016)

THE DOMINO EFFECT is a funny-peculiar performance about the relation of cause and effect for children ages 6+. Two performers and a live- musician are on stage throughout show. The performance is visual/physical and without words. Duration approx. 40 minutes. Simple, "do-it-yourself" set-up. There is no smoke, fire, stroboscopes or lasers in the performance.

VENUE REQUIREMENTS

Stage: 7 x 7 x 3.5 meters (w/d/h)
Other: 3x 220V on three fuse groups 10A

The stage should be cleaned one hour prior to show.

Set up time: 2 hours
Take down time: 1 hour

A person with knowledge about the venue is required during set up and performance.

SOUND

2x active monitors, a mixer and necessary cables are provided by presenter.
Please contact us for details.

DRESSING ROOM

Dressing rooms must be equipped with toilet, shower and three towels.
4 liters of bottled still water for the performers.

AUDIENCE

Presenter is responsible for audience let in, wardrobes etc.

STAFF

THE DOMINO EFFECT consists of two performers and a musician.
One person from the venue is needed for get-in, during performance and for take-down.
